Request special rate for the “ZQI, Wyoming Society of Healthcare Engineering” Group.

Don't miss this great educational opportunity

*“The opportunities for learning are tremendous. I have learned from not only the presentations, but also with conversations with the vendors and other participants.*

-Irv, Facilities Services Supervisor

## WSHE Spring Meeting

A great place to learn

**Cody, Wyoming, one of the best small towns in America. Just 50 miles from Yellowstone's East Gate and 85 miles from the NE Gate, Cody sits on the doorsteps of nearly unlimited recreational opportunities. Take advantage of your time in Cody, maybe make a weekend out of it!**

“The Wyoming Society of Healthcare Engineering (WSHE) is an organization dedicated to presenting educational opportunities to promote safety and compliance for Healthcare facilities. The assistance received from the organizations that we are affiliated with such as ASHE, WHA and the Wyoming department of Health, enables our members to provide safe working environments through improved communications and knowledge.”
